

SHANGHAI METRO

CHINA'S LARGEST CITY AND MAIN FINANCIAL CENTER

Equinix helps companies accelerate business performance by connecting them to their customers and partners inside the world's most networked data centers.

Our Shanghai partner data centers are business hubs for 140+ companies. There is a dense concentration of financial services companies, multinational enterprises and cloud service providers. Equinix customers can interconnect directly to customers and partners in their digital supply chain.

The Shanghai colocation facilities enable customers to be part of a rich industry ecosystem. Our data centers are located in the heart of the Shanghai to give customers access to some of the fastest-growing markets in the world. Equinix customers have access to all major domestic connection providers plus a number of international service providers for the financial services community.

Shanghai Metro Facilities

The five Platform Equinix partner data centers in Shanghai provide 86,000+ square feet (8,025+ square meters) of colocation space in total. Our newest Shanghai partner data center, SH6, is now opened in the Pudong Free Trade Area.
